Source extract

Meadow Amendment 1 §2 · changed notice recipient

For all notices under this lease, replace the Lease Administrator with the Property Administrator as the notice recipient. All other terms of the lease continue unchanged.

Your next step

Read Amendment 1 §2 against lease §18, then confirm the entry with the new recipient so its reminders resume.

What this does not tell you

The amendment names a new recipient; it doesn't move the date. A calendar you exported earlier still shows the old recipient until you export it again.
